Future seeds & round setup

Schedule +N, ×N, or draw changes on upcoming rounds.

Sips

+2 for each of the next 3 rounds.

Snail Mail

+5 next round, +5 two rounds from now, and x5 three rounds from now.

Time is Too Expensive

Add 2 times the current round number to this round's score.

Time is Money

Multiply this round's score by 2 times the current round number.

Dead Rising

Exile this. At the start of each of the next 3 rounds, put 2 random cards from your graveyard on top of your deck.

7 Feet Deep

Next 3 rounds, draw 1, then 2, then 7 instead of 5. Missing cards come from the graveyard at random.

Round timing & flow

Delay commits, pull modifiers early, or end the run on empty hand.

Turtle Mode

Delay round score evaluation for 3 rounds.

Evaluate

Apply the next scheduled round modifier now (+ then x). That round still gets it later. Ghost: apply all three scheduled modifiers in order, clear them, and end Turtle Mode (round score stays until this turn ends).

Finale

Draw 5. This turn, when your hand is empty the run ends without adding this round's score to your total.

Draw & cycling

Refill hand or exile-to-draw without a graveyard focus.

Wishes

Draw 3 cards.

Catnip

+1 to this round. Draw 1.

Cycle

Discard another card, +2, then draw 1.

Cycle Seven

+7. Exile another card and draw 2.

one more thing

+11. Draw 1 if no other cards remain in your hand after this is played.

Multipliers & costs

Big $\times N$ swings that cost discards, graveyard cards, or hand depth.

Clover

Exile 3 cards from your graveyard, multiply round score by 3. Nothing happens when played if you don't have enough cards in your graveyard.

Big Kurosawa Burger

Discard a hand card to multiply this round by 4. Nothing if this is your only card.

Overclock

Multiply this round by 2. You may discard cards from your hand. Each time you do, multiply again by 3, then 4, then 5, and so on. Stop when you like.

Toppings

Multiply this round by 2, then play the top card in your deck.

Triptych

+3 to this round. Multiply by 3 if the total is divisible by 3.

Graveyard - scaling & triggers

Score from graveyard size, discards, or cards played this round.

Bones

When discarded, multiply this round by $n+1$ where n is the number of Bones in your graveyard (including this one).

Busted

+3 when played. +10 when discarded

Threshold

+3 when played. When discarded, if there are 7 or more cards in your graveyard draw 1 card and multiply your round score by 3.

Tombstones

When discarded, add n to this round where n is the number of cards in your graveyard (including this one).

Journal

Multiply this round by n , where n is cards played this round.

Graveyard - manipulation & retrieval

Move, exile, shuffle, or return graveyard cards.

Rags to Riches

Exile n cards from your graveyard cards, then multiply your round total by the number of cards exiled this way.

Jacks

Discard another card, then put a card from your graveyard into your hand. Nothing happens if you have no other card to discard.

Birds of a Feather

Discard a card, then spot 2, then both your 5 birds and your graveyard deck. Nothing happens if you have no other card to discard.

Shells

Draw 1, discard a card, then put a card from your graveyard on top of your deck. Skip any step that cannot be completed.

Roll Over

+3. Play two random cards from your graveyard. Until both are played, they replace the cards in your hand.

Lifeline

Put 3 cards from your graveyard onto the bottom of your deck. Cannot target Lifeline.

Necromancy

Exile this Necromancy, shuffle your graveyard and add it to the bottom of your deck.

Deck search & topdeck

Peek, reorder, play from deck top, or mill until a hit.

Flex

Mill cards from the top of your deck until you find one that can add or multiply, then play it.

Swivel

The next card played is put on top of your deck instead of in your graveyard.

Librarian

Look at the top 7 cards of your deck, reorder them, and choose and play one.

Miracle

Auto-plays for +10 if it is the first card drawn in a round or played from the top of your deck; else +3.

Hacker

Play any card from your deck.

Pilot

Look at the top 3 cards of your deck, reorder them, and choose and play one. Reorder, play 1.

waterfall

Reveal the top card. Play it (and draw 1) if it would make the current number bigger and repeat; otherwise mill it.

Digit & score shape

Move, swap, replace, or round digits in total / round score.

Slapp Lift

Move the largest digit in your total or round score to the leftmost position (tie: leftmost). If that fizzles, try your round score. Otherwise +3.

The Fourth

Move a 4 in your total score without increasing the score smaller. If no valid move exists, +4 to this round.

Roundup

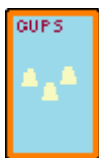

Round total score up to the next highest tens place, then hundreds place, then thousandths place, and so on, incrementing each time this card is played. If total would not increase, round this round's score instead.

DillaFifth

Replace any digit in your total score with a 5.

Palindrome

If your total score is a palindrome, wrap it in 1s. Dilla wraps it in 2s instead. If that fizzles, try your round score. Otherwise +3.

Build a Number

Replace your round score with three digit slots. Play digit cards to fill them. When all three are filled, add that number to this round. Progress persists until complete.

Minor Fall

Move the smallest digit in your total score to the rightmost position (tie: rightmost). If that fizzles, try your round score. Otherwise +3.

Conditionals & scaling spikes

Big payoffs when round state, primes, or per-copy counters align.

Semaphore

If Semaphore is the first card played of round 1: +100. Last card in hand with an empty deck: add multiplier of n , where n is the number of cards in your graveyard. Otherwise +3.

Bounty

+ n when this copy is played (n starts at 0 and increases by 1 on play, so the first play is +1). While in your graveyard, this copy returns to hand when this round rises by its bounty (starts at 10; when this copy's n reaches 10, bounty becomes 100).

Ghost plays

Optional graveyard replays during the round (exile after ghost).

Comeback

+3. Ghost: exile from graveyard to play for +3.

Encore

+6. Ghost: exile from graveyard to play for +6.

Reactive movement

Triggers when this card is discarded, exiled, or relocated.

Get Me Outa Here

+9 when played, discarded, or whenever another card moves this.
